

Beat the heat this summer with a new AC unit

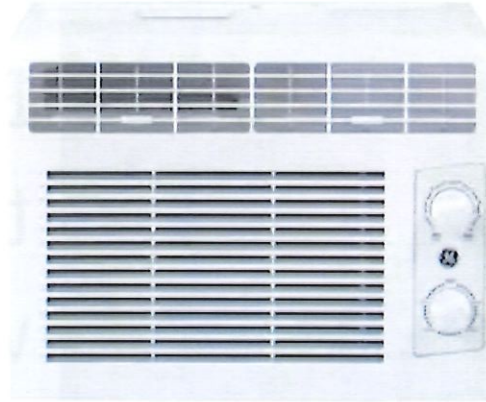

Summer is quickly approaching, don't get caught without a working air conditioning unit. Contact the West Tuality Habitat Repair Program to select one of two models of A/C unit for either a bedroom or common room.

If you do not have central AC or ductless AC or if you have an old or inefficient unit, 5 years or older, contact us today and keep cooler during this year's heat waves.

Contact projects@westtualityhabitat.org with your name, address, phone number and or call (503) 359-8459.
