Dear WM Customer,

Waste Management is pleased to provide your garbage and recycling services in the City of Gaston. The Gaston City Council approved a franchise fee adjustment of 2% on April 21, 2021 which will be a small rate adjustment on your garbage and recycling invoice starting June 1, 2021.

Additionally, we are happy to offer a new Yard Debris and Food Waste service to the Gaston community starting June 2021. This new Organic Waste collection service is offered to customers by subscription for an additional charge of \$7.07. You will receive a 64-gallon cart that will be serviced every other week for your yard debris and food waste. This service is optional so only those customers that sign up for the additional yard debris and food waste service will receive the additional cart and see a \$7.07 charge on their invoice.

Please visit our website to learn more about the materials that can be included in your recycling and yard debris carts at wmnorthwest.com/gaston. It is vital that customers make sure the items being put in the recycling bins are on the acceptable list.

Sincerely,

Waste Management
